THE DAILY

Pacific Commercial Advertiser.
Be just and fear not;
Let all the ends thou art at
Thy Country's, thy God's, and Truth's.

FRIDAY, APRIL 11, 1890.

A LATE number of the Bulletin contains some very just comment on certain strictures on the appointment of teachers, which have been current in some quarters. We say a late number because the comments would have been more timely if they had appeared two months ago, when Robert Wilcox was howling all over town the sentiments which the Bulletin now finds objectionable.

One of the amusing episodes of the late election is the case of poor Mr. Kekaula. He patiently conformed to all the requirements of the election law, procured the requisite petition of twenty-five electors to allow him to run, paid his fee of twenty-five dollars and retired to his district full of hopes and ambitions, to receive one vote! This happened to be cast in the precinct where Mr. Kekaula resides. Though defeated he has the consolation that if all the world deserted him, he was true to himself to the last.

CUSTOMS HOUSE REPORT.

The following facts which we have extracted from the report of the Customs House will prove of interest. The amounts of the principle exports have been as follows:

Sugar, lbs., 242,165,835 \$13,089,902 00
Rice, " 9,669,896 451,134 03
Bananas, lbs., 105,630 135,278 00
Wool, lbs., 241,925 23,874 90

This shows an increase in the exportation of sugar over last year of more than six million pounds. The crop of rice on the other hand has fallen off more than three million pounds. Bananas show a steady increase and will doubtless continue to do so for some time to come. It is also interesting to note that nearly a quarter of a million pounds of coffee were exported during the year. The report shows a continued increase of our trade with the United States, both absolutely and in comparison with that with other countries.

It is also of interest to observe that the carrying trade is chiefly in the hands of American and Hawaiian vessels, and that the proportion carried by ships of these two nationalities is steadily increasing. More than 95 per cent. of our exports are now carried in American or Hawaiian ships.

The imports of specie for the year just ended amounted to \$1,146,925, the export of the same article to \$40,477. In 1888 the imports were slightly greater and the exports a trifle smaller.

The passenger statistics show an increase of the Japanese population of 2,637, a decrease of the Chinese of 1,059, and of the Portuguese of 237. Other elements of the population remain practically stationary. The European emigration seems therefore to have stopped. The total increase in the population is about 1,300.

The Customs receipts have reached the gratifying figure of \$550,000, or \$50,000 in excess of the estimates.

The statistics with regard to spirits reveal no circumstance of importance except that the consumption of beer has increased very heavily in proportion to other intoxicants.

Gate City Stone Filter

These Filters are easily cleansed, and
NEVER become CRACKED or CRAZED
by change of Temperature of the Water.
The Filtering Medium is a NATURAL
STONE, mined from the earth. It is
unlike any other stone.
IT DOES NOT ABSORB AND BE-
COME FOUL.
IMPURITIES never PENETRATE
it, but lie on the surface, and internally
the stone remains as pure and white
after years of use as when taken from
the mine.
"The Gate City Stone Filter is a perfect
success. It is the only real filter I have
ever seen. I would not be without one for
any consideration. It converts our lake
water into the best drinking water in the
world."
